<h3>

Status for week ending 2/9/2001</h3>

1. Continued work on Local Stores design.&nbsp; Met with Rick Henderson and Glenn Mi to talk about modifications to the Merchant Compare service to include local store information. Finalized most of the outstanding design issues.

<p>2. Continued work on installation and configuration of VL5 plugin. Successfully configured the VL5 plugin on landscape.web.aol.com to read Magic Carpet Authentication headers (for web users).

<p>The Magic Carpet VL5 catalog is not released to production and the TurboWeb group does not yet have a test environment set up to

<br>test new catalog which includes the latitude/longitude information.

<p>I still haven't received the mapping file for converting location information to a zip code. The person responsible in the AOLNet Ops&nbsp; is no longer working in the group due to reorg and I have sent mail to the manager, Steve Long, asking for the file.

<p>3. Completed focal review.

<h4>

Next Week:</h4>

1. Continue configuration of VL5 plugin.

<br>2. Review Local Stores design.

<br>3. Support Shopping List.</html>
